### **DETAILED ACTION**

1. The present Office Action is responsive to Applicant's Amendment filed March 31, 2003. The Examiner acknowledges the cancellation of Claims 1-18 and the addition of new Claims 19-20, and the submission of a Substitute Specification which has been approved for entry into the file. Claims 19-20 are now pending in the instant amended Application.

### ***Allowable Subject Matter***

2. Claims 19-20 have been allowed.

3. The following is an examiner's statement of reasons for allowance:

As to Claims 19-20, patentability resides in *the lower electronic component having electrodes that are formed on second side surfaces of the one substrate, wherein the second side surfaces do not have the electrodes of the upper electronic component*, in combination with the other limitations of base Claim 19.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Claims 19-20 of the instant allowed Application have been renumbered as Claims 1-2, respectively, for publication in the issued patent.
